*Hone your leadership skills to build high performance teams*

## 3 Success Factors that Define High Performance Teams

Tension, crises and tragedies can point the way to understanding what leadership is and is NOT in helping you and your organization achieve lasting success. Learn 3 success factors and 5 practices, including practical actions, to help grow your own adaptive, agile and high performing teams and organization.

### About the Speaker:

Deb Nystrom helps leaders invest in data-guided, people-inspired practices to unleash high performance work energy in organizations. Deb honed her systemic consulting approach based on 20 years of entrepreneurship at the University of Michigan, with a focus on performance management, leader development and competency systems work. She also serves as a change facilitator & strategist, executive and leader team coach with an organization development (OD) specialty via REVELN Consulting.
